REFRESHED DESIGN

To build on the positive momentum and to solidify Hampton’s long legacy of leadership in the upper midscale category, the prototypes for Hampton Inn and Hampton Inn & Suites have been refined to reflect more contemporary design cues.

The brand is innovating to leverage the latest design trends, meet the evolving guest needs, and position Hampton for continued future relevancy.

EXTERIOR DESIGN

• A flexible design to meet varying site requirements and room counts

• Updated architectural trends meet Hampton style

• Contemporary architectural cues that maintain a flat roof model to ensure a consistent thread across the portfolio

• Signature design elements, enhanced architectural lighting, and larger windows as compared to prior prototypes

• New, efficient design removes over 2,000 sq. ft. of building area, as compared to prior prototypes

• A modern porte-cochère provides a warm Hamptonality welcome with finishes rooted in the local environment
